

# Well-Comm ballasted system for flat roofs

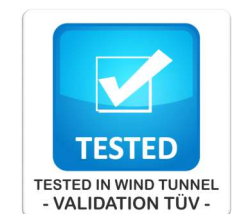

### PATENTED SYSTEM

Well-Comm ballasted system for flat roofs is an innovative patented system, protected against imitation and counterfeiting.

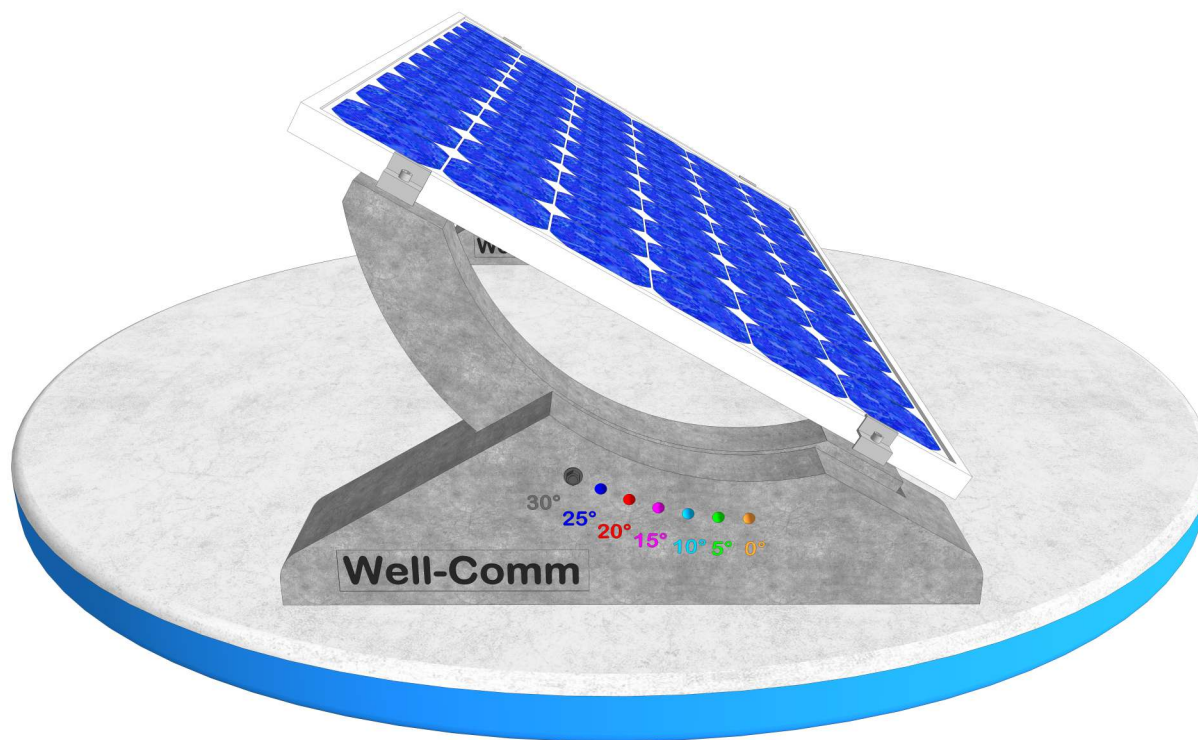

### SINGLE SYSTEM FOR VARIOUS INCLINATIONS

Thanks to a single, adjustable ballast block, Well-Comm system enables the installation of photovoltaic solar modules at: 0°-5°-10°-15°-20°-25°-30°

### CERTIFIED SYSTEM

Well-Comm system is tested in wind tunnel and it's TÜV certified, with resistance to overturning at wind speed above 200 km/h.

### 100% MADE IN ITALY

Well-Comm products are made with 100% materials of Italian origin.

### 100% RECYCLABLE

Well-Comm products are made with 100% recyclable materials.

### 25 YEARS WARRANTY

Well-Comm products are covered with a 25 year warranty from date of purchase, with unlimited replacement.

## THE ADVANTAGES OF THE PRODUCT

The ballasted Well-Comm system is the ideal solution for photovoltaic solar systems on flat roofs.

- ☑ No roof drilling
- ☑ Extremely fast installation process
- ☑ A single ballast-block with different modules' inclination
- ☑ Threaded bushings for direct module fastening
